

SZJH-SG1 section of the third-level waterway improvement project of the Jinghang River Canal in Zhejiang Province (the Jiangsu Wujiang section)

京杭运河浙江段三级航道整治工程嘉兴段(江苏吴江段)航道整治工程 **SZJH-SG1** 标

项目简介:

京杭运河浙江段三级航道整治工程嘉兴段(江苏吴江段)航道整治工程 **SZJH-SG1** 标段全长 **6.7** 公里,河道等级为 **III** 级,航道底宽不小于 **65** 米,最小通航水深 **3.2** 米。

项目主要工程建设内容包括护岸加固工程、涉水土方工程等主要工程量如下:
土方 **38.2753** 万方,航道护岸加固钢筋砼 **30944** 方,土工布 **50501** 平方。

Project brief:

The SZJH-SG1 section of the third-level waterway improvement project of the Jinghang River Canal in Zhejiang Province (the Jiangsu Wujiang section) of the Grade III Waterway Regulation Project of the Zhejiang Section of the Beijing-Hangzhou Grand Canal has a total length of 6.7 km. The waterway is classified as Grade III, with a bottom width of no less than 65 meters and a minimum navigable water depth of 3.2 meters.

The main construction contents of the project include revetment reinforcement works, water-related earthwork, etc. The main quantities are as follows: Earthwork: 382,753 m³, Reinforced concrete for waterway revetment: 30,944 m³ and Geomembrane 50,501m².
